FEAST OF ST. PEREGRINE: Feast will be celebrated May 3

Join us on Wednesday, May 3, at 6 p.m. as we celebrate the Feast Day of St. Peregrine, patron saint of cancer, aids, and other diseases of the skin. St. Peregrine, who began his life as Peregrine Laziosi, son of a wealthy family in Italy, entered the spiritual world in a unique way. It all began with his slapping a papal envoy, Philip, during an uprising in his hometown of Fiorli, Italy in the late 1200s.

Peregrine, a member of the antipapal political party in the city-state of Forli, heckled Philip during a mediation process. Obviously frustrated with the process (of which very little is known), Peregrine slapped this representative of the Pope. While this is not normally an action that would spark a conversion, Philip's reaction to this totally shocked the young Peregrine. Philip immediately offered his other cheek for Peregrine to strike as well.

The incident changed the young man according to deeds in his area. Eventually, he who advised him Servites, the religious order work to Mary. initiation into the order, the Philip, the same struck and who had offered his coincidence over-attempted, in penance for his seclude himself possible. The night before the scheduled operation, Peregrine who was unable to walk, dragged himself to the foot of the nearest crucifix, where he fervently prayed. While in prayer, it is said that he fell into a trance-like state and experienced a vision of Jesus Christ. Christ touched his foot. When he came out of the trance, Peregrine's foot was **completely healed**.

His faithfulness to God--even in the darkest times of his life, provides us all with inspiration. The lessons of St. Peregrine, the reminders we all need, are found in the ability to follow God even when - especially when - we don't know where our circumstances may take us.

Please remember the following St. Anne parishioners in your daily prayers. Pray for their speedy return to good health.
